Camano Troll 31 Sasta

Sasta is a perfect example of why a Camano Troll is so well-liked and sought after!

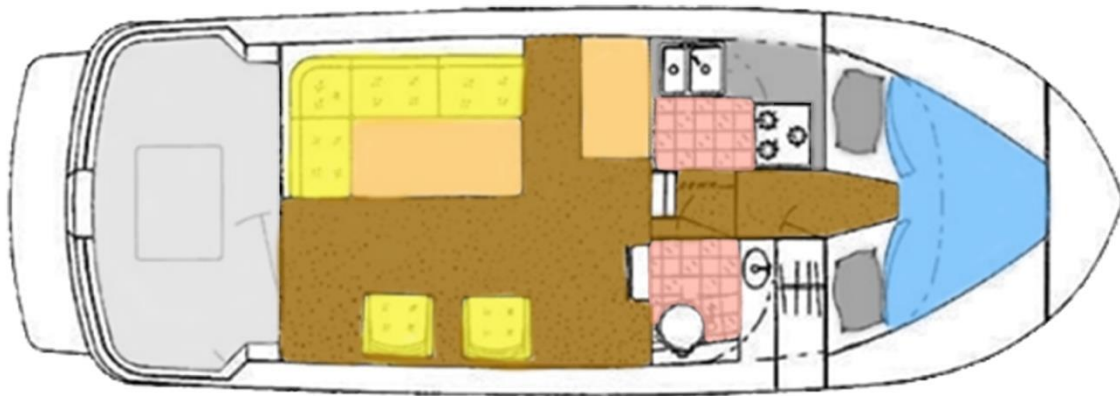

The Camano 31' is a one stateroom, one head trawler with a huge salon and down galley. From the cockpit you can access the roomy flybridge and upper helm complete with a bimini canvas cover. Walk in the salon and it is open and airy with a lot of light and bright visibility. You can easily seat six at the settee on the port side and to starboard is the lower helm.

Sasta has been moored in a covered slip for most of its life and the last two years in covered freshwater moorage!

A brand new Raymarine eS78 Radar System – Hybrid Touch was just installed and ready for new owners to take on.

Sasta is an extremely clean, comfortable, efficient and seaworthy trawler. In regard to efficiency, it's been reported that it burns one to two gallons per hour. Make an appointment to see this wonderful "pocket trawler" **Sasta**!
